VILLANOVA
UNIVERSITY

VILLANOVA UNIVERSITY

Villanova University, a coeducational Roman Catholic institution founded in 1842 by the priests and brothers of the Order of St. Augustine, welcomes students of all faiths. The university consists of five colleges: The College of Liberal Arts and Sciences, The School of Business, The College of Engineering, The College of Nursing and The School of Law. It is the oldest and largest Catholic university in the commonwealth of Pennsylvania. For more than a decade it has been ranked by *U.S. News & World Report* as the #1 University in the North (Master's Division). *BusinessWeek* has ranked the undergraduate business school #19 in the nation.

Villanova University offers a variety of online certificate programs in various disciplines: Project Management, Six Sigma, Contract Management, IS Security, Business Analysis, Software Testing, Human Resources, ROI Methodology, Leadership, and Finance and Accounting for the Non-Financial Manager.

Get the Skills to Become a Sought-After Project Manager – 100% Online!

Project management is one of the business world's most in-demand skill sets, and one of the fastest growing professional disciplines in North America. And with good reason – according to *Certification Magazine*, about 95% of projects in mid-sized businesses are delivered late, do not function properly or fail to satisfy the leaders that initiated them.

In contrast, the Project Management Institute (PMI®) reports that projects run by professionals who are knowledgeable in project management tools and techniques are three times as likely to meet their objectives. Even the smallest projects benefit from project management processes such as planning, time and cost management, scope management, human resource management and communications management.

With Villanova's **Master Certificates in Project Management** you can conveniently earn the skills and credentials to become a sought-after certified Project Management Professional (PMP®) around your busy schedule. And if you are already PMP® certified, the **Advanced Master Certificates in Project Management** give you the professional development units (PDUs) you need to keep your skills sharp and your certification current – online!

LEARN FROM THE WORLD LEADER IN PROJECT MANAGEMENT EDUCATION ONLINE!

Villanova University is widely recognized as the expert in the project management field, with thousands of online enrollments that include professionals from numerous Fortune 500 companies. Look behind many of today's most successful project managers and you'll often find a master certificate from Villanova University.

Each online project management certificate course is taught by Villanova's superior faculty and staff, who are all PMP®-certified experts in their fields. And Villanova University is a PMI® Registered Education Provider so you know you will learn the latest concepts, methods and practices from the Project Management Institute's Project Management Body of Knowledge (PMBOK®). You'll obtain essential skills in key areas, including budgeting, risk and contingency, resource allocation, quality control and communications. And you can apply what you've learned immediately on the job – you'll gain vital project management skills and earn a certificate in as little as eight weeks!

"The Villanova certificate program I listed on my resume generated so much attention that I had to make a spreadsheet to keep track of all the offers!"

*Cathy Nanovic, PMP®
Penske Corporation*

VILLANOVA
UNIVERSITY

MASTER PROJECT MANAGEMENT AND PREPARE FOR PMP® CERTIFICATION – ONLINE!

Gain the knowledge to lead successful projects with Villanova's online project management certificate programs. The Master Certificate in Project Management provides a comprehensive curriculum that equips you to ensure fast time-to-market, optimal use of company resources, effective implementation of strategic plans, accurate measurement of project success and much more. In short, you'll have the credentials to demonstrate to current and potential employers that you have the skills to complete projects on time, on spec and on budget!

Get Certified and Earn What You're Worth!

Add the PMP® Exam Prep class to your master certificate package and you'll prepare to pass the industry-recognized Project Management Professional (PMP®) certification exam.* By becoming a certified Project Management Professional you will be recognized throughout the business world for your expertise and ability to ensure project success.

According to the *PMI® Project Management Salary Survey – Fourth Edition*, project managers who are PMP® certified earn an average salary of \$101,505 per year in the United States. And in the lucrative IT field, *Certification Magazine's* annual salary survey reveals that Project Management Professionals command some of the highest salaries of all information technology workers.

Advance Your Career With World-Class Project Management Credentials

Once you've achieved a Villanova Master Certificate in Project Management or have earned your PMP® certification, distinguish yourself as an elite project manager with the Advanced Master Certificate in Project Management. The advanced master certificate program offers experienced professionals the opportunity to refine and elevate their project management knowledge. You will learn the latest high-level techniques to maximize your effectiveness as a project leader.

Get the PDUs to Keep Your Skills Sharp and Your Certification Current

To preserve the integrity of the PMP® credential, the Project Management Institute requires that all PMP®-certified professionals earn professional development units to maintain their certification. With Villanova University's project management programs, you will gain the PDUs you need to keep your skills sharp and your certification current. Earning these credits demonstrates your commitment to your profession and gives you the edge in a competitive job market.

* PMI requires certification candidates to meet professional experience requirements before sitting for the PMP® exam. For more information, contact the Project Management Institute.

EXPERIENCE AN UNMATCHED ONLINE CLASSROOM

Our online classroom is second to none! It's dynamic, interactive and multimedia driven. Instant messaging and shared virtual whiteboards allow you to interact with classmates and faculty in real time. And two-way voice over IP is a great personal touch for students who prefer to communicate via voice to ask questions or discuss weekly assignments.

Communicating with professors during virtual office hours and viewing leading industry experts via streaming video make learning faster than in the traditional classroom setting. You'll do everything online in your own time, so you can work full time and continue your education.

UNPARALLELED FEATURES

- Virtual classroom provides two-way voice over IP with instant messaging and shared whiteboard features
- Professor-led classes through online streaming video
- Chat rooms and message boards for rich, real-time interaction with professors and students alike
- Ability to study anytime, anywhere
- No required login times – 24/7 access
- Multimedia access – not a book-in-a-box, go-it-alone program

BECOME A PROJECT MANAGEMENT EXPERT — EARN A MASTER CERTIFICATE!

Become a project management expert – take three courses and earn a master certificate from Villanova University! Choose the applied project management program, or specialize in IS/IT project management. Each course gives you professional project management skills you can apply immediately, and a certificate to enhance your credentials.

GET CERTIFIED!

Take three courses and earn your master certificate which prepares you for the certification exam offered by PMI®.

Students who earn a master certificate in project management learn to lead improvement initiatives that result in measurable growth in return on investment, sales, customer satisfaction and retention, market share, speed-to-market, employee satisfaction and employee motivation. Earning a Master Certificate in Project Management shows that you are dedicated to enhancing your skills and knowledge. Position yourself for advancement within your organization by adding cutting-edge project management credentials to your resume!

Program Benefits

- Apply the project management lifecycle in daily operations
- Examine the nine project management knowledge areas
- Gain greater understanding of crucial systems in project management
- Learn to handle personality differences that affect leadership and teamwork
- Discover the latest terminology and project management techniques
- Understand the role of strategic planning in project management
- Learn how to manage and co-exist with stakeholders

Who Should Enroll?

Ideal for project managers, this three-course program is also suited for professionals in all management levels, business leaders, IT personnel and quality control specialists. If you're looking to obtain the critical knowledge and skills necessary to prepare to earn PMP® certification, this is the program for you.

PMI®, PMBOK®, PMP® and the PMI® Registered Education Provider logo are registered marks of the Project Management Institute, Inc.

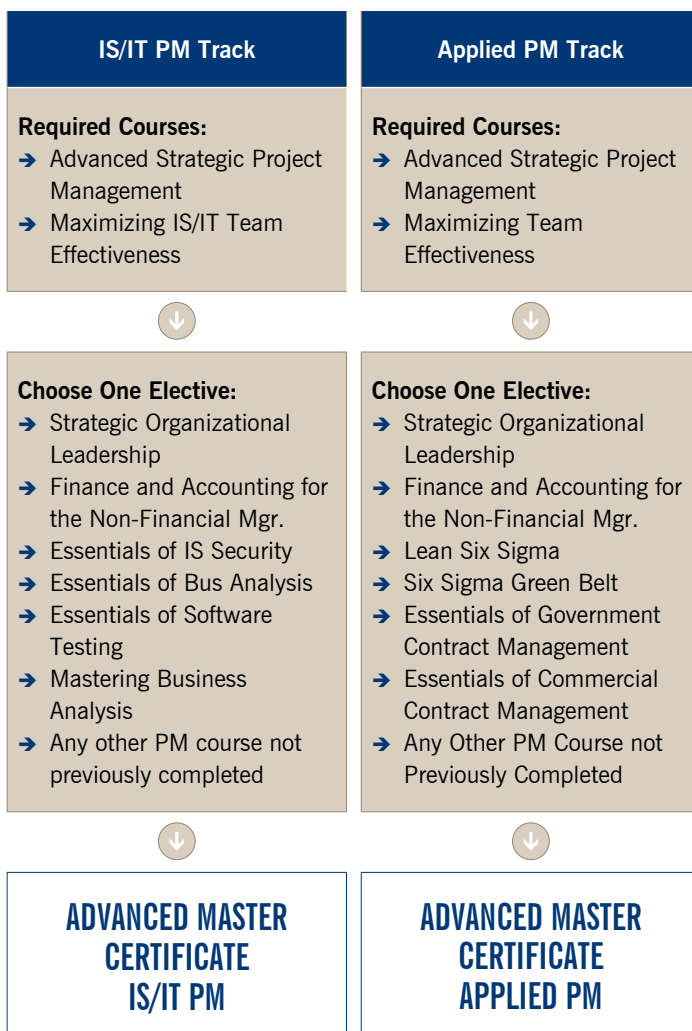

BECOME A PROJECT MANAGEMENT EXPERT — EARN AN ADVANCED MASTER CERTIFICATE!

Be the authority! Once you've achieved either a Villanova Master Certificate in Project Management or PMP® certification, enhance your knowledge by earning an Advanced Master Certificate in Project Management – online! Each eight-week course gives you strategies and techniques you can apply immediately and valuable PDUs to meet your PMI® continuing education requirements.

ADVANCE YOUR SKILLS!

Earn your advanced master certificate and gain the PDUs you need to maintain your PMP® certification.

Take two required courses, plus one Villanova elective to earn your advanced master certificate in applied or IS/IT project management. You will learn all the latest high-level techniques to lead people and projects while gaining critical knowledge in advanced topics including project management optimization, strategy, managing people and processes, and best practices. Obtaining these prestigious credentials illustrates your ongoing commitment to advancing your project management career and mastering the latest project management strategies.

Program Benefits

- Learn to lead improvement initiatives
- Examine advanced project management techniques
- Gain greater understanding of crucial systems in project management
- Learn new ways to effectively resolve conflicts
- Discover the latest high-level project management terminology
- Understand the role of strategic planning in project management
- Earn a prestigious credential that differentiates your skills
- Earn the PDUs to maintain your PMP® certification

Who Should Enroll?

The Advanced Master Certificate in Project Management is designed for professionals with extensive project management knowledge. Both programs provide vital training to anyone responsible for leading and managing other project managers, offering proven techniques for maintaining order in difficult circumstances. It's a great opportunity for experienced, practicing professionals to hone project management skills and earn the PDUs necessary to maintain PMP® certification.

CERTIFICATE COURSE DESCRIPTIONS

Essentials of Project Management

Geared toward the working professional, this course offers an introduction to the practice of professional project management, blending theory and practical ideas from the project arena. Concepts covered include project planning, scheduling, quality management, risk analysis, communication styles and much more. Successful completion of this certificate course enables you to perform project-oriented roles more efficiently and effectively.

What You'll Study:

- Project Planning
- Execution and Communication Issues
- Project-Cost Management
- Risk Management Planning
- Risk Monitoring and Control
- Project Integration, Quality and Risk
- Tools and Techniques of Quality Control
- Concept of "ilities" and Quality Assurance
- Managing Meetings
- Negotiation and Presentations
- PMBOK® Guide Third Edition

Project Management for IS/IT Professionals

This course draws from the most current methods and leading experts to enable you to advance in responsibility, recognition and rewards. Participants desiring PMP® certification will gain a basic understanding of the knowledge areas as presented in PMI's Project Management Body of Knowledge®. The first four modules of the course follow the unique, trademarked S.C.O.R.E. model: Systems, Competencies, Organization, Resources and essential Elements. The fifth module, S.C.O.R.E.+ is a core component of PMBOK® principles. *Project Management for IS/IT Professionals* supports the new PMBOK® Guide Third Edition.

What You'll Study:

- Project Management Methodologies
- Positioning and Conducting the Closing
- Scope Management
- Requirement Management Process
- Maintaining Control of Projects with Proven Techniques
- Delivering Quality Systems on Time
- Successfully Planning for the Unexpected
- Budgeting More Effectively
- Managing Schedules, Workloads and People Problems

Mastering Project Management

For the more experienced student, this course builds upon the fundamentals covered in the *Essentials of Project Management* course. *Mastering Project Management* focuses on strengthening skills previously developed and expanding skills to explore more advanced topics like: leadership, project performance management and the core competencies of project management. Advanced study includes plan development and performance management to aid in project planning, scheduling and measuring results. Interpersonal or soft skills are emphasized throughout to ensure project-management success through people-management success.

What You'll Study:

- Inspiring a Shared Vision
- Communication and Personality Types
- Personality in Teams
- Work Breakdown Structure
- Scheduling Development and Analysis
- Earned-Value Analysis
- Project Planning
- Change Management and Human Resources
- Coaching for Improved Performance
- Conflict Management
- Practical Time Management

Project Management Professional (PMP®) Exam Prep

The *Project Management Professional (PMP®) Exam Prep* thoroughly prepares you for the certification exam offered by the Project Management Institute (PMI®). You'll learn from real-world examples and case studies to build on and develop the skills acquired in previous Villanova online project management courses. Geared toward the working professional, this course supports the PMBOK® Guide Third Edition update. Includes 1,000 test prep questions and 500 flash cards.

What You'll Study:

- The Five Process Groups
 - Initiating
 - Planning
 - Executing
 - Controlling
 - Closing
- Professional Responsibilities
- The Nine PMBOK® Knowledge Areas

Advanced Strategic Project Management

Offers the experienced, practicing professional an opportunity to hone vital project management skills. Gives you best practices that differentiate the most successful project managers, including high-level techniques for strategic decision making, advanced cost management, continuous quality improvement, cultural considerations and much more. You will discover the latest proven approaches to leading and managing people as well as projects, enabling you to advance in responsibility and recognition.

What You'll Study:

- Strategic Decision Making
- Operational Planning
- Critical Chain Project Management
- Portfolio Management
- Critical Resources
- The ROI of Project Management
- Enterprise Project Management
- Best Practices in Project Management
- Advanced Risk Management Techniques

Maximizing Team Effectiveness

This course provides critical skills in resolving conflicts resulting from communication issues, managed expectations, resistance and style differences. Practicing professionals will learn practical and flexible techniques and tools that can improve people skills and result in a more effective project manager. You'll learn about managing yourself first, and in subsequent modules, you'll learn about managing others in one-on-one settings, managing your team and managing your stakeholders.

What You'll Study:

- Your Leadership Type
- Behavioral Strengths and Motivators
- Managing Personal Growth, Time and Accountability
- Influencing Customers
- Collaboration or Competition
- Types and Causes of Conflict – Confront or Mediate
- Managing Team Conflict
- Improving Team Productivity
- Planning and Problem-Solving Using Collaboration
- Relationships With Your Stakeholders
- Managing Stakeholders' Perceptions
- Changing Models – Moving Through the Change Process

Maximizing IS/IT Team Effectiveness

Provides critical techniques in resolving conflicts resulting from communication issues, managed expectations, resistance and style differences. Practicing professionals will learn practical and flexible techniques and tools that can improve people skills and result in a more effective project manager. You'll learn about managing yourself first, and in subsequent modules, you'll learn about managing others in one-on-one settings, managing your team and managing your stakeholders.

What You'll Study:

- Measuring Collaboration
- Developing and Executing Personal Strengths and Weakness Assessments
- Learning to Prioritize and Manage Time Well
- Setting Performance Standards
- Managing the Team Maturity Life Cycle
- Prioritizing and Allocating Resources
- Building Trust in a Team Environment
- Managing Communication Flow
- Motivating Employees
- Communicating Risk Versus Reward
- Managing Budget and Progress
- Gaining and Maintaining Buy-In from Sponsors and Customers

Project Management Capstone

Specifically geared for those in large corporations, the government or within the military, this course uses real-world examples and case studies to build on and develop the skills acquired in previous Villanova online project management courses. Prior to enrolling in this course, you should take *Essentials of Project Management* and *Mastering Project Management*. Includes 1,000 test prep questions, 500 flash cards and a quick reference place mat.

What You'll Study:

- The Five Process Groups
 - Initiating
 - Planning
 - Executing
 - Controlling
 - Closing
- Professional Responsibilities
- The Nine PMBOK® Knowledge Areas

VILLANOVA ONLINE FACULTY AND PRACTICING PROFESSIONALS

Villanova University online faculty and staff bring a wealth of knowledge and real-world experience to instructional development and delivery. Their expertise and interactive teaching methods create a dynamic experience where participants use a proven combination of “virtual classroom” tools, online instructor-led discussions and streaming video.

Charles L. Arnao, PMP®, CQA, CCP

Mr. Arnao has developed and delivered workshops in project management techniques, applications development and information technology quality assurance for over 2,000 professionals representing over 100 different client organizations. He has a BA in Economics from Bucknell University and an MBA in Finance from The University of Scranton.

Gary H. Bonas, Jr., MA

Mr. Bonas has worked for Villanova University for 27 years, where he served as the Director of Continuing Studies and worked in a number of different departments. Prior to his Villanova career, Mr. Bonas was an officer in the U.S. Navy, where he worked as a shipbuilding project manager and then spent two years in construction management in the iron and steel industry. He has extensive training and speaking experience and has a BS in Physics and an MA in Counseling from Villanova University.

Wayne R. Brantley, MS Ed, PMP®

Mr. Brantley is the Managing Director of Villanova University Professional Education Online. He has taught and consulted on project management around the world to Fortune 500 companies. Mr. Brantley has over 24 years of experience in the Air Force as a project manager for AF technology training and curriculum development programs. He has spoken at numerous conferences such as the Project Management Institute (PMI®) and the American Society of Training and Development (ASTD). Mr. Brantley is a doctoral candidate with Nova Southeastern University specializing in Computer Information Technology.

Jeffrey P. Brown, MS, MBA

Mr. Brown is the principal of Bent Creek Associates, a technology consulting firm with a focus on strategic planning, business process redesign and program and project management strategy. He has over 20 years of experience managing life science projects, both IT and product-related. Mr. Brown holds an MS in Bioengineering from the University of Michigan and an MBA with honors from the Kellogg School of Business at Northwestern University.

Alan L. Brumagim, PhD, CPA, PMP®

Dr. Brumagim has been teaching Strategic Management, Computer Literacy and Project Management at The University of Scranton since 1990. He is an associate professor with over 10 years of business experience, primarily in the IT Industry. Dr. Brumagim has published and presented a variety of academic papers and is currently working on research examining business practices and project management practices in China. He has been involved with the Project Management Institute at the national level and with the Philadelphia chapter.

Barbara Brumagim, MSHA

Ms. Brumagim is an independent consultant offering project management training and services in human resource management and business strategy-project linkages. Currently she is working closely with many local and multinational corporations in the People's Republic of China. Ms. Brumagim has over 25 years of experience, primarily in the health care administration field, and holds an MSHA from the University of Michigan.

Douglas DeCarlo

Mr. DeCarlo is the principal of the Doug DeCarlo Group. His work has earned him international recognition as a consultant, keynote speaker, trainer, facilitator and columnist. He is an advisory board member for ProjectConnections.com and has served on the Project Management Advisory Board of George Washington University and Project World. Mr. DeCarlo is a contributing author to the landmark book, *The World Class Project Manager*, and the author of the forthcoming book, *The End of Project Management As We Know It: Extreme Project Management for Everyone*.

Alfred S. DeLucia, MS, PE, PMP®

Mr. DeLucia is the Director of the Chesapeake Realty Services District of the General Services Administration in Philadelphia. He is a registered professional engineer and Project Management Professional (PMP®) and is responsible for the operations and maintenance of over 17 million square feet of federally owned space. Mr. DeLucia has a BS in Mechanical Engineering and a BA in General Arts from Rutgers University and an MS in Environmental Engineering from Cornell University.

Kathleen Donohue, PMP®

Ms. Donohue is an independent consultant offering training and consulting services in project management and team building. She has been a manager, project manager, consultant and trainer in various organizations and consulting firms since 1987. Ms. Donohue has worked for various Wall Street firms in trading and operations and is a graduate of Baruch College, where she holds a BBA in Human Resource Management.

Donald G. Gardner, MBA, PMP®

Mr. Gardner has 30 years of experience as a project manager. He currently advises large and small businesses in the financial services and health care sector through Gardner Project Integration Group, Ltd. and serves as an affiliate professor in project management education for the Graduate School at the Stevens Institute of Technology. Mr. Gardner is a member of the Project Management Institute (PMI®) and Past Chair for the Financial Services Specific Interest Group.

Jay D. Gassaway, MBA, PMP®

Mr. Gassaway has over 30 years of experience in projects in the nuclear power industry, ranging from initiation through closeout. His primary areas of concentration are economic analysis and cost, schedule and scope control. He teaches project management at three domestic universities and in Asia. He has a bachelor's degree in Mechanical Engineering from Stevens Institute of Technology and an MBA in Finance and Economics from Rutgers University.

Joan R. Knutson, PMP®

Ms. Knutson is President of PM Guru Unlimited. She is a project management consultant, author and lecturer who guides thousands worldwide through interactive and informative keynote presentations, seminars and webcasts. Ms. Knutson is a long-time active member of the Project Management Institute (PMI®), and wrote the Executive Notebook column for the *PM Network* magazine for more than 10 years. She continues to serve as PM guru to the project management industry through www.joanknutson.info.

M. Lou Russell, MS Ed

Ms. Russell is CEO of Russell Martin & Associates, a consulting and training company focusing on improving planning, processes and performance. She has published several books, one of which is used as a text in *Maximizing IS/IT Team Effectiveness*. She is also the author of the monthly e-newsletter, *Learning Flash*. Ms. Russell speaks nationally at the ASTD, Training, LOTUSphere, Project Management Institute and ProjectWorld conferences.

William Schnauffer, PMP®

Mr. Schnauffer is a Senior Program Manager at Compaq. His 26-year history at Compaq includes project management for creating a new business model and organization responsible for \$1.2 billion of revenue, change and quality management programs. He is a certified Project Management Professional, with additional certifications in ISO 9000, Myers Briggs Type Indicator and the Center for Creative Leadership Tools.

Robert D. Stokes, EdD

Mr. Stokes is the Assoc. Dean for Part-Time Studies and University Outreach at Villanova University. He has taught online at the University of Richmond, Hofstra and Fairfield University. He holds a master's degree from the University of Vermont and a doctoral degree from Indiana University. He has published training materials for the Society for Human Resource Management and has been recognized by SHRM as well as the American Mgmt. Association.

Kristy C. Tan, PMP®

Ms. Tan is Vice President of Customer Support for Primavera Systems Inc., a leader in project management software. During her 17 years at Primavera, she has held positions as a software trainer, product manager and Director of Marketing prior to her current position of Vice President. She has been an active member of the Project Management Institute since 1986 and is a past President. She holds a BS in Chemical Engineering from Drexel University.

Karen Tate, PMP®

President of The Griffin Tate Group, Inc., Ms. Tate is the co-author of *The Project Management Memory Jogger*, *A Pocket Guide for Project Teams* as well as *Getting Started in Project Management* and *A Step By Step Approach to Risk Assessment*. Ms. Tate has worked with project teams for more than 20 years and consults and trains with organizations worldwide. She serves on the Board of the Project Management Institute (PMI®), is a Project Management Professional (PMP®) and earned an MBA from Xavier University.

Melody Templeton, MS

Ms. Templeton is a nationally known speaker and consultant who has worked with project managers for nearly 20 years. Her clients range from Fortune 500 companies to small family-owned businesses. She has taught at Drexel University, the Wharton MBA program and the Wharton Executive MBA program. She has a BS in Communication and Psychology from Illinois State University and an MS in Human Resource Development from Villanova University.
